

# Portsmouth Vineyard Vision

We want to know Jesus better and tell as many people as possible the good news about him. We aim to be a contemporary Christian church eager to experience, follow and know Jesus personally. We are not content just to be Christians, we want to be his disciples, make disciples and teach others how to make disciples. We want to be our best – to grow and develop in knowing God, special gifts and abilities that he gives – everyone gets to develop themselves and take part.

We want to include and love those who are unloved. We want to do this in as many different, yet organised ways as possible. We are eager to work with authorities, agencies, services, other churches and other charities whenever possible to achieve the best results for individuals. We want to show compassion, generosity and kindness to all. We want to welcome and serve all communities in our City and internationally. We want to help and serve those who are displaced and seeking refuge or a new start in this country.

We want to actively promote and practice Christian Unity. We want to be an oasis in this City – a church that grows strong and contributes actively to what God wants to do in Portsmouth. We want to be a place of refreshing but also strength – a pillar to the community overall. We love our City! Portsmouth is "The Gateway City" and we see the massive potential of spreading the Good News of Jesus here to Europe and the rest of the world!

We love God's Word (the Bible) and sharing it; also we love the presence of God's Spirit, given to us to know Him and the healing he brings. We love unhurried musical worship and hearing God's voice – as often as possible!

We like to think we are "ordinary people learning to receive, enjoy and give away God's extraordinary love". We base our vision for our church on Luke chapter 4 and Isaiah chapter 61 in the Bible.
